THE NEW YORK HEELD was founded by ames Gordon Bennett in 1835. It remained he sole property of its founder until his eath, in 1872, when his son, also James ordon Bennett, succeeded to the ownership of the paper, which remained in his bands nii his death, in 1918. The Hemath became the property of Frank A. Munsey, its count owner, in 1920.

## Calling for Arbitration.

The average Englishman is topped not surprising, then, that other than roads eventually would become mere supporters of the Asquith party are streaks of rust. questioning what Great Britain and

tions" can pay bills as indemnity can. He recommends strongly an arbitra- as ever they can go down, so as to

escape the discharge in some shape of their liability." They must "come of the payto some better agreement than Dr.
Simons proposed." But nobody, he
declares with great vigor, is getting declares with great vigor, is getting anything out of the present programme; everybody is losing. So another effort must be made to reestablish a programme under which Germany can work, export and pay, and Great Britain and France can trade and receive reparation payments.

The Observer urges that "some thing be settled on for five years which the Allies can collect." let the rest be submitted to "a complete review by some authoritative tribunal with a neutral or an Amerielement added to it."

In other words, a great and powerful influence in Great Britain, composed not only of the political oppo-ALD suggested when it first became apparent that there was an indem-Council and Germany. This suggestion of THE NEW YORK HERALD WAS for a determination by a neutral and disinterested third party of what Germany can pay and should pay. Now, with a growing British centi-
